**FREE ONLINE
CONTINENCE
CARE TRAINING**

Attends' online continence care training program helps to promote best practice in continence care. The program has been developed by Attends, in conjunction with Continence Nurse Specialists in the UK.

Each course covers different learning units with an interactive approach and concludes with an overview of the Attends product range.

Users can complete the entire course or simply choose relevant units at a time which is suitable for them.

Upon successful completion of the course, the user will be issued with a certificate.

CHOOSE FROM TWO COURSES

1. Healthcare Professionals
2. Carers at Home
